

Is pleased to announce...

Professional Development Meeting

"Electronic Kanban at Zurn Wilkins"
Presented by Nicole Riegel

Tues, Sept. 20th, 2011
6:00 PM - 8:00 PM
The PG&E Education Center
6588 Ontario Rd (click for map)
San Luis Obispo, CA 93405

Zurn Wilkins has been using an electronic Kanban system created by Ultriva, Inc. since February 2010 to manage all component purchases. They have seen a significant reduction of inventory, unnecessary purchases, and stock-outs since using the new system. Nicole Riegel, Inventory Control Analyst at Wilkins, helps maintain the system and will be giving a presentation on electronic and production processes, the advantages and disadvantages of the electronic Kanban system, and outside tools created to maintain the system and aid with purchasing decisions.

Attendance is free to all, please invite your colleagues

Free, plentiful parking

Chapter Board Meeting to follow Nicole's presentation, from approximately 7-8pm, and is open to all
